rise/span 0.10
rise/span 0.15
rise/span 0.20
range over the ±25 % carbon-factor band
a 10 m span, corner supports
no meaningful difference 16 · seismic cheaper 5 cells
b 20 m span, corner supports
no meaningful difference 21 cells
±5 %: no meaningful difference
c 10 m span, edge supports
no meaningful difference 21 cells
d 20 m span, edge supports
no meaningful difference 21 cells
